WORK EXPERIENCE

Brock University
June 2020 - August 2020
UX / Web Designer - St. Catharines, ON

Designed and developed a user-friendly website, including wireframes and prototypes, allowing the user to easily navigate and quickly find the information and literature needed. Worked to assess competing websites in regards to elegance, usability, and functionality.

Danbree Corporation
March 2020 - March 2020
UX / Product Designer - Burlington, ON

Proposed and implemented new site content architecture and navigation scheme for company website redesign within the preset budget and deadlines. Achieved a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.

Computer Science - University of Waterloo
September 2019 - Present
Tutor

Provided one-on-one tutoring for five University of Waterloo students enrolled in CS105 and CS106 (Introduction to Computer Programming 1 & 2).

UPS
June 2018 - August 2018
Data Management - Windsor, ON

Improved on skills such as being attentive to detail, typing speed, and editing skills. Gained hands-on knowledge of computer software such as Excel. Compiled, sorted, and verified the accuracy of over four thousand data points a day while generating daily reports on project progress.

PROJECTS

RunCity
January 2020 - March 2020
Design Lead

Mobile app for urban runners. Provided runners with safe, convenient, and personalized routes, that encourages exploring the city with the running community.

Aerate
May 2020 - June 2020
Product / UX Designer

An app that assists parents through their child's asthma care journey by providing proactive personalized care, in-the-moment decision support, and integrating health records.
